## TRANSPLANT REFERRAL MANAGEMENT: Expanding Access to Care

With the number of referrals on the rise, transplant centers are being challenged to effectively manage incoming referrals and streamline the referral process to move patients through the transplant journey. This webinar will showcase best practices related to the effective management of incoming referrals for new patients and strategies being explored to improve outreach efforts to move patients through the transplant process.

### At the end of the webinar, participants should be able to:

- Describe the traditional referral process.
- Implement strategies to expand access to care and increase referrals through outreach satellite clinics.
- Identify additional outreach efforts.
